✓Federal State Budgetary Educational Institution of Higher Education «M. Gorky Donetsk State Medical University» of the Ministry of Health of the Russian Federation is the largest center of medical science and education in the Donetsk People's Republic. Throughout its history, the University has served the only one **purpose** – training the highly qualified medical staff in accordance with the dynamically developing healthcare system.

✓**The duration of study** according to the specialties: «General Medicine», «Pediatrics», «Preventive Medicine» - 6 years, «Dentistry» and «Pharmacy» - 5 years.

✓The University is distinguished by the high level of qualifications of its **teaching staff**. Currently, the University employs: 952 scientific-pedagogical and 9 scientific workers: Doctors of Sciences - 128, PhD – 437, 1 Academician of RAS, 3 Heroes of the Donetsk People's Republic Labor; 9 academicians of the Academy of Higher School; 5 Honoured Workers of Science and Technology; 5 State Prize Winners in the field of Science and Technology; 3 Honoured Workers of Science and Technology of the Donetsk People's Republic: 7 - have the honorary title «Honoured Doctor of the Donetsk People's Republic»: 5 - medal «For Labor Valor».

✓**Mastering practical skills** for future medical practice is carried out in medical institutions, which are the bases of the University clinical departments. There is at the University the Accreditation and Simulation Center (ASC), which uses modern technologies for mastering and improving practical skills. Special simulators and virtual (computer) simulators provide the creation of the reality of medical interventions and procedures for primary and primary specialized accreditation.

✓Currently, there are more than 5.5 thousand students at the University. **On the campus** there are educational buildings, libraries, and museums. Meals for students are organized in the canteen and in buffets, located in educational buildings and campus. All students are provided with a campus.

✓**The University partners:** I. M. Sechenov First Moscow State Medical University of the Ministry of Healthcare of the Russian Federation (Sechenovskiy University), Volgograd State Medical University of the Ministry of Health of the Russian Federation.

✓At the University all the conditions for the development of **physical culture and sports** have created. There are physical and health complex, gyms, stadium. Annually, at the University the traditional sports events are held: «Rector's Cup», «Sports and Health Day», Sports Festival for the first year students. There is the student's sports club «Atlants of Donbass» of M. Gorky Donetsk State Medical University - an official member of the Association of Student's Sports Clubs of Russian Federation.

✓**The Youth Policy of the University** is aimed at organizing patriotic education and extracurricular student activities. There is at the University the Volunteer Club and the Donetsk regional branch of the Russian Public Movement "Volunteers-medics". A large number of directions of movement can attract the students of all the courses and specialties and help them realize themselves. Student self-government, interacting with public organizations, contributes to the realization of students' potential. Our students have won grants in the areas of scientific activity, educational Olympiads and media creativity.
